Late Christmas Eve Compline Service

Merry Christmas!

In monastic and other worshiping communities, compline is the service for the "completion" of the liturgical day. Our late Christmas Eve service is quiet, meditative, and mainly musical, allowing for a moment of rest in the beauty of the coming of Christ.

Click on the picture below to be taken to the service. **When you come to the Vimeo screen**, find the play button--a triangle pointing to the right--in the lower left corner. Click that triangle and the service will begin. An icon at the bottom right of the Vimeo screen can be clicked to expand it to "full screen." **If nothing appears below**, or if it is slow to appear, you may wish to try moving your device closer to your wifi router, or try clicking on the direct link, rather than waiting for the picture to appear.

Click anywhere on the placard to begin the service.
