ALBERTA'S PECAN PIE

from Genie Sullivan

I was fortunate enough to acquire a copy of this recipe from my mother-in-law in 1965. She got the recipe from a lady who was an exceptional cook in Darlington, SC. It has been cooked and carried/served at every Thanksgiving and Christmas Dinner for 55 years. At the request of children and grandchildren of mine and neighbors it has been cooked and served. It has also been taken to Florida by plane by a neighbor to her grandson who just could not get enough of "Alberta's Pecan Pie".

It is extremely easy and always delicious.

RECIPE:

3/4 Cup White Sugar

3/4 Cup Dark Karo

2 Eggs

2 Tablespoons Melted Butter

1 Cup Chopped Nuts

Pinch of Salt

Mix all ingredients and pour into 8" regular pie shell. I never make my own pie shell but I do put it in the heated oven for 10 minutes or so after piercing the bottom and sides with a fork.

Cook at 350 degrees for 30-35 minutes (until the center is not jiggling).

I always put tin foil in the bottom of the oven if there is any boiling over, it is a mess to clean up.

Very easy to duplicate for 2 Pies.
